COVID-19 Rules and Procedures

Be sure you are clear on our COVID-19 precautionary measures. Loch Moy Farm reserves the right to remove noncompliant individuals from the property.

Remember that even if you are not in a high-risk group, volunteers, officials, staff, grooms, other riders or their family members might be. Do your part to help keep everyone healthy.

- There will be a temperature check upon arrival.
- Anyone joining you as a groom/grounds person must sign a Loch Moy Farm waiver. We will have these available in the driveway as you enter, or print and bring with you. Hand in at packet pick-up. Please do not email!
- Please wear a mask at all times as per USEF rules. You can remove your mask when mounted and when you need to jog your horse.
 - Do not enter the show office. Knock on the door if you need help.
- There are hand-washing stations near the porta-potties by the wash stall. Be sure to wash hands before and after using the restroom, and after touching or handling anything that isn't your own.
- No guests/spectators! Only bring those who are absolutely necessary to help you. This reflects USEF rules and a state-wide order from the Maryland Department of Health. Sporting events are NOT open to the public at this time.
- Do not congregate at the office, ringside/at the rail, warm-up areas, other people's trailers, etc.
 - Sanitize or wash your hands before handling dressage tests and packets.
- Park at least 30 feet from the trailer next to you to avoid crowding in the parking lot.
 - There is no concessions stand planned. Bring your own food and water.
- Wash stall and barn water is turned on, but bring as much water for your horse as possible to avoid lines/crowds at the wash stall.

- **Stablers must adhere to the above rules at all times.** *Please also read the following:*

Keep your distance from others where possible. Do not clog aisles or entry/exit points with chairs, coolers, etc. Group seating areas (for your own barn only) should be set up away from high-traffic areas. Enter and exit the barn as close to your stalls as you can rather than walking down the whole aisleway. Remember to wash or sanitize your hands before and after using anything that doesn't belong to you or your group, including water spigots, wash stall hoses and wash stall cross ties.

THANK YOU to our amazing VOLUNTEERS!

We could not put on all these events without the help of a wonderful, dedicated group of people who show up time and time again, in all sort of weather, to do whatever we ask. Thank you all for giving of your time, energy and enthusiasm!

Join the USEA Volunteer Incentive Program at EventingVolunteers.com

The incentive program recognizes outstanding volunteers by tracking volunteer hours at MDHT, Seneca, Waredaca, and other local and national events. Volunteers are recognized at participating events with volunteer gifts, raffle prizes, and other great awards. Watch your hours grow as we keep track of your status on the VIP leaderboards.

How to Sign Up:

The Maryland Horse Industry Board

Maryland-bred Award

One of the main purposes of the Maryland Horse Industry Board, a program in the Maryland Department of Agriculture, is to help grow and promote our state's equine industry. What better way than to recognize the top Maryland-bred young sport horse at the East Coast Future Event Horse Championships at Loch Moy.

Eventing is a huge part of Maryland's equine industry with eight recognized eventing venues. They include:

Fair Hill

Full Moon Farm

Loch Moy Farm/The Maryland Horse Trials

Marlborough Horse Trials

MCTA at Shawan Downs

Olney Farm

Seneca Valley

Waredaca

There are 16 USEA recognized horse trials at multiple levels, a new Maryland 5 Star at Fair Hill, hundreds of unrecognized schooling and training horse trials and more than 50 licensed stables devoted to 3-Day eventing.

It's only fitting that we honor the owners, breeders and trainers bringing along top young prospects. Congratulations to this year's winner and to the folks standing the stallions, breeding the mares and bringing along the foals to compete in Future Event Horse Championships.

Maryland
for the Better

ABOUT THE USEA FEH SERIES

The United States Eventing Association (USEA) Future Event Horse (FEH) series was introduced in 2007 as a pilot program as, what the USEA hoped would be, a successful pre-cursor to the already popular USEA Young Event Horse series, which is designed for 4- and 5-year-olds, incorporating a dressage test and a jumping/galloping test. Since the “test year” was so successful – with more than 50 young horses competing at the year-end Championship show – 2008 would see the FEH’s first season as a bonafide USEA program.

The FEH program focuses on yearlings, 2-year-olds, and 3-year-olds, and introduced in 2017 for 4-year-olds, and judging the potential they have to become an event horse in the future. Each age group is judged separately, and genders within the ages when the number of entries allows. In FEH classes,

horses are judged on both their conformation and the quality and correctness of their gaits. Upon entering the arena, their handlers are asked to stand the horses up for inspection to allow the judge to analyze the strengths and weaknesses in their conformation. Then, they are asked to walk a 15-meter triangle, and then trot a 30-meter triangle. Finally, they are asked to stand up one last time for the judge to make their final observations. In addition to being judged on the triangle, the 3-year-old horses will be evaluated in a jump chute and awarded a score for the canter and a score for jumping. The newly added FEH 4-year-old division will complete

an under-saddle class where they will be judged on gaits, and then they will be stripped of their tack to be judged on conformation. Afterwards, they will then complete the free-jumping class (like the 3-year-old class), and then a 4-year-old Champion will be determined with their total cumulative score.

There are several main points that a judge will look at during the presentation of a competitor. Firstly, they will look at the straightness of the horses’ legs and the quality of their feet. Also, they will analyze the conformation as a whole to determine if the horse will be able to stand up to the stresses of eventing.

Additionally, the judge will look for the horses’ gaits to be straight, correct, swinging, and uphill. At the canter the judge will look at rhythm, balance and ground cover and will evaluate technique and ability/scope over fences.
